## JOIN THE FUN AND FAITH-DEVELOPMENT

At The Compass Church, we LOVE kids! We've designed a fun, engaging, and faith-forming environment just for them! Children, Infants-5th Grade, will experience God's truth and love at our three identical services every weekend. We want kids to be so excited about the lessons and friendships here that they drag you to church!

All of our classrooms teach the Bible in chronological order each year so children can clearly see God's big plan of redemption through every story. Everything we do is intended to help your child's faith grow. Scan the QR code below to visit our website and learn what to expect in our classrooms. We hope to meet your family soon!

If you have any questions or concerns about your first visit, please don't hesitate to contact Dan Huffman at [dhuffman@thecompass.net](mailto:dhuffman@thecompass.net)
