

## Announcement about "Buddies" Ministry

Our team loves your children and we want to minister to them and their families. The City Kids Buddy ministry will be available this coming fourth Sunday at second service for children with special abilities. We welcome kids from age five to eleven to participate and some of our City Changers kids will be helping by being a Buddy for our youth with differing abilities.

Our City Kids Buddy ministry focuses on the child and the Holy Spirit. We do not refer to the child by their disability but as a whole person. Our goal is to integrate each buddy as much as possible into our Sunday Morning services, but we do have a fun room available for children that need that area to thrive. We have great adult leaders that have served in special education and our main focus is sharing the Good News of Jesus Christ with them.

We request that interested families fill out an application to we can become familiar with your family. If you know families that with special needs children, please share with them that City Church Kids is reaching out to minister to them.

See our website for a link for the application. If you have questions, please contact
