Drama Team

Did you know there's a drama troupe in the children's ministry? Oh, yeah! We have an awesome group that helps our kids see God's Word come to life before their eyes. If this kind of thing creates a buzz in your brain or butterflies in your belly—in other words, it gets you excited—contact [insert email address] for details on how you can get involved by coaching or participating.

Meal Team

Do you enjoy cooking food as much as eating it? Does everyone rave about your lasagna? The children's ministry team provides a simple meal for our programming team on Sat evenings. Both passionate and novice foodies welcome! If you're interested in occasionally preparing a meal, email [insert email address] for more information.

Worship Team

Have you ever seen a kid worship God through music? It's one of the most amazing things you'll ever see! It's completely authentic, energetic, and out-of-this-world. If you have an enthusiastic personality and enjoy singing, then we would love to talk to you about joining the children's ministry music team. Contact [insert email address] for details on getting involved leading worship.

Small Group Leaders

Are you young in heart and mature in your faith? We are in serious need of fun-loving adults who want to make a HUGE impact in the lives of kids (birth—5th grade). As a small group leader, you'll have the chance to connect relationally with your group of kids and to make the lesson come alive for them. Don't worry if you've never lead any kind of group before, we'll teach you how! If interested, email [insert email address] for more info.

Stage Design Team

Imagine coming to our children's ministry and entering your room as a kid—but no—it's not just a room, it's Upsidedown Town! Or maybe it's a space station or a cowboy ranch! We're constantly transforming our rooms into wonderful visual experiences that make kids say, "Wow"! We are currently seeking creatives to help with the design elements of our stages. The WOW Factor stage design Teams are being formed right now to brainstorm our upcoming units. Don't miss the action! Contact [insert email address] to get involved.

If you have an interest, we’ll teach you what to do! Contact us at [insert email address] to sign up.
